

Pour nourrir les oiseaux

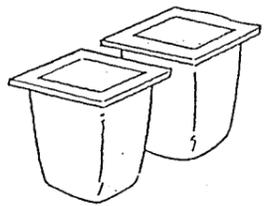

du saindoux
ou

de la margarine

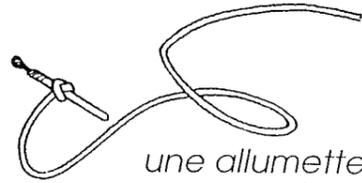

un marteau

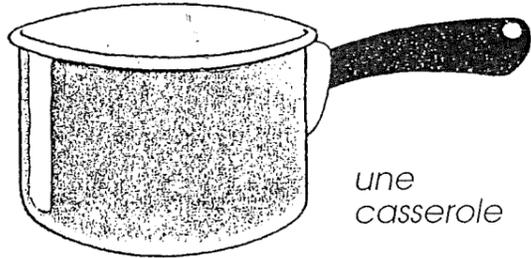

des pots de yaourt

des graines

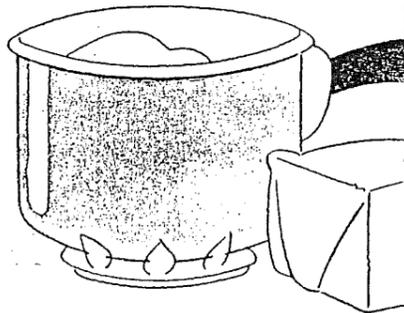

une allumette
attachée à
une ficelle

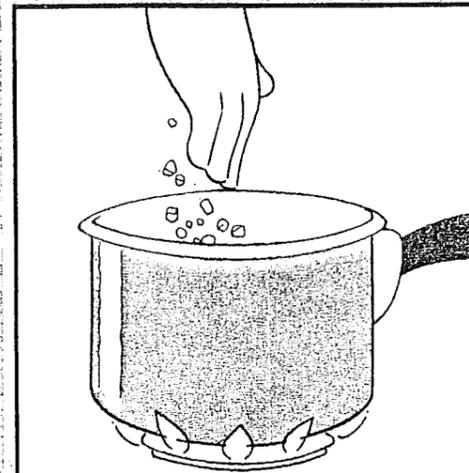

une
casserole

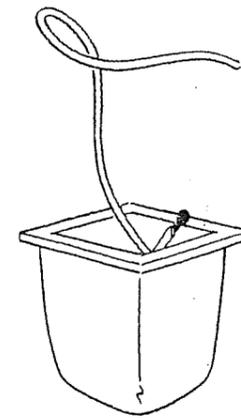

Fais fondre
le saindoux
(ou la margarine).

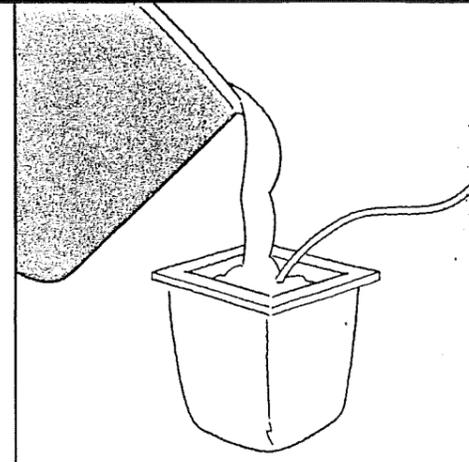

Écrase les graines
les plus grosses
(maïs, tournesol).

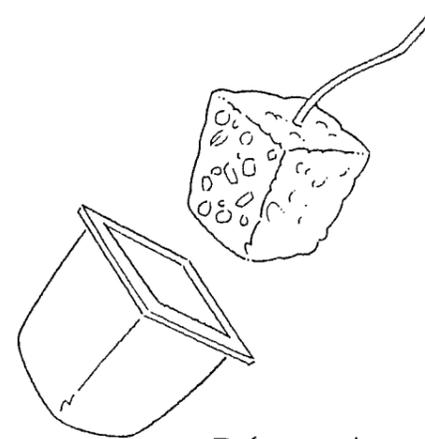

Ajoutes-y les graines.

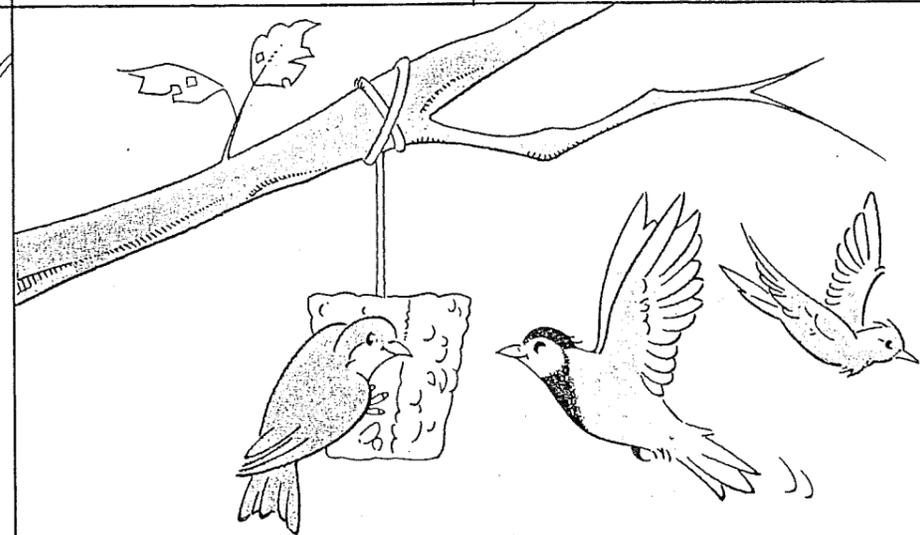

Place l'allumette
au fond du pot.

Verse le mélange
par-dessus.

... Démoule.

Attache à une branche.
